

Small Business Administration

§ 121.103

Internet at <http://www.ntis.gov/yellowbk/Inty205.htm>. The manual includes definitions for each industry, tables showing relationships between 1997 NAICS and 1987 SICs, and a comprehensive index. NAICS assigns codes to all economic activity within twenty broad sectors. Section 121.201 provides a full table of small business size standards matched to the U.S. NAICS industry codes. A full table matching a size standard with each NAICS Industry or U.S. Industry code is also published annually by SBA in the FEDERAL REGISTER.

§ 121.102 How does SBA establish size standards?

(a) SBA considers economic characteristics comprising the structure of an industry, including degree of competition, average firm size, start-up costs and entry barriers, and distribution of firms by size. It also considers technological changes, competition from other industries, growth trends, historical activity within an industry, unique factors occurring in the industry which may distinguish small firms from other firms, and the objectives of its programs and the impact on those programs of different size standard levels.

(b) As part of its review of a size standard, SBA will investigate if any concern at or below a particular standard would be dominant in the industry. SBA will take into consideration market share of a concern and other appropriate factors which may allow a concern to exercise a major controlling influence on a national basis in which a number of business concerns are engaged. Size standards seek to ensure that a concern that meets a specific size standard is not dominant in its field of operation.

(c) As part of its review of size standards, SBA's Office of Size Standards will examine the impact of inflation on monetary-based size standards (e.g., receipts, net income, assets) at least once every five years and submit a report to the Administrator or designee. If SBA finds that inflation has significantly eroded the value of the monetary-based

size standards, it will issue a proposed rule to increase size standards.

(d) Please address any requests to change existing size standards or establish new ones for emerging industries to the Assistant Administrator for Size Standards, Small Business Administration, 409 3rd Street, SW., Washington, DC 20416.

§ 121.103 What is affiliation?

(a) *General Principles of Affiliation.* (1) Concerns are affiliates of each other when one concern controls or has the power to control the other, or a third party or parties controls or has the power to control both.

(2) SBA considers factors such as ownership, management, previous relationships with or ties to another concern, and contractual relationships, in determining whether affiliation exists.

(3) Individuals or firms that have identical or substantially identical business or economic interests, such as family members, persons with common investments, or firms that are economically dependent through contractual or other relationships, may be treated as one party with such interests aggregated.

(4) SBA counts the receipts or employees of the concern whose size is at issue and those of all its domestic and foreign affiliates, regardless of whether the affiliates are organized for profit, in determining the concern's size.

(b) *Exclusion from affiliation coverage.*

(1) Business concerns owned in whole or substantial part by investment companies licensed, or development companies qualifying, under the Small Business Investment Act of 1958, as amended, are not considered affiliates of such investment companies or development companies.

(2) Business concerns owned and controlled by Indian Tribes, Alaska Regional or Village Corporations organized pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601), Native Hawaiian Organizations, or Community Development Corporations authorized by 42 U.S.C. 9805 are not considered affiliates of such entities, or

with other concerns owned by these entities solely because of their common ownership.

(3) Business concerns which are part of an SBA approved pool of concerns for a joint program of research and development as authorized by the Small Business Act are not affiliates of one another because of the pool.

(4) Business concerns which lease employees from concerns primarily engaged in leasing employees to other businesses or which enter into a co-employer arrangement with a Professional Employer Organization (PEO) are not affiliated with the leasing company or PEO solely on the basis of a leasing agreement.

(5) For financial, management or technical assistance under the Small Business Investment Act of 1958, as amended, (an applicant is not affiliated with the investors listed in paragraphs (b)(5) (i) through (vi) of this section.

(i) Venture capital operating companies, as defined in the U.S. Department of Labor regulations found at 29 CFR 2510.3–101(d);

(ii) Employee benefit or pension plans established and maintained by the Federal government or any state, or their political subdivisions, or any agency or instrumentality thereof, for the benefit of employees;

(iii) Employee benefit or pension plans within the meaning of the Employee Retirement Income Security Act of 1974, as amended (29 U.S.C. 1001, *et seq.*);

(iv) Charitable trusts, foundations, endowments, or similar organizations exempt from Federal income taxation under section 501(c) of the Internal Revenue Code of 1986, as amended (26 U.S.C. 501(c));

(v) Investment companies registered under the Investment Company Act of 1940, as amended (1940 Act) (15 U.S.C. 80a-1, *et seq.*); and

(vi) Investment companies, as defined under the 1940 Act, which are not registered under the 1940 Act because they are beneficially owned by less than 100 persons, if the company's sales literature or organizational documents indicate that its principal purpose is investment in securities rather than the operation of commercial enterprises.

(6) A protege firm is not an affiliate of a mentor firm solely because the protege firm receives assistance from the mentor firm under Federal Mentor-Protege programs.

(c) *Affiliation based on stock ownership.* (1) A person is an affiliate of a concern if the person owns or controls, or has the power to control 50 percent or more of its voting stock, or a block of stock which affords control because it is large compared to other outstanding blocks of stock.

(2) If two or more persons each owns, controls or has the power to control less than 50 percent of the voting stock of a concern, with minority holdings that are equal or approximately equal in size, but the aggregate of these minority holdings is large as compared with any other stock holding, each such person is presumed to be an affiliate of the concern.

(d) *Affiliation arising under stock options, convertible debentures, and agreements to merge.* Since stock options, convertible debentures, and agreements to merge (including agreements in principle) affect the power to control a concern, SBA treats them as though the rights granted have been exercised (except that an affiliate cannot use them to appear to terminate control over another concern before it actually does so). SBA gives present effect to an agreement to merge or sell stock whether such agreement is unconditional, conditional, or finalized but unexecuted. Agreements to open or continue negotiations towards the possibility of a merger or a sale of stock at some later date are not considered "agreements in principle" and, thus, are not given present effect.

(e) *Affiliation based on common management.* Affiliation arises where one or more officers, directors or general partners controls the board of directors and/or the management of another concern.

(f) *Affiliation based on joint venture arrangements.* (1) Parties to a joint venture are affiliates if any one of them seeks SBA financial assistance for use in connection with the joint venture.

(2) Except as provided in paragraph (f)(3) of this section, concerns submitting offers on a particular procurement or property sale as joint venturers are

affiliated with each other with regard to the performance of that contract.

(3) *Exclusion from affiliation.* (i) A joint venture or teaming arrangement of two or more business concerns may submit an offer as a small business for a Federal procurement without regard to affiliation under this paragraph (f) so long as each concern is small under the size standard corresponding to the NAICS code assigned to the contract, provided:

(A) The procurement qualifies as a “bundled” requirement, at any dollar value, within the meaning of § 125.2(d)(1)(i) of this chapter; or

(B) The procurement is other than a “bundled” requirement within the meaning of § 125.2(d)(1)(i) of this chapter, and:

(I) For a procurement having a revenue-based size standard, the dollar value of the procurement, including options, exceeds half the size standard corresponding to the NAICS code assigned to the contract; or

(2) For a procurement having an employee-based size standard, the dollar value of the procurement, including options, exceeds \$10 million.

(ii) A joint venture or teaming arrangement of at least one 8(a) Participant and one or more other business concerns may submit an offer for a competitive 8(a) procurement without regard to affiliation under paragraph (f) of this section so long as the requirements of 13 CFR 124.513(b)(1) are met.

(iii) Two firms approved by SBA to be a mentor and protege under 13 CFR 124.520 may joint venture as a small business for any Federal Government procurement, provided the protege qualifies as small for the size standard corresponding to the NAICS code assigned to the procurement and, for purposes of 8(a) sole source requirements, has not reached the dollar limit set forth in 13 CFR 124.519.

(4) A contractor and subcontractor are treated as joint venturers if the ostensible subcontractor will perform primary and vital requirements of a contract or if the prime contractor is unusually reliant upon the ostensible subcontractor. All requirements of the contract are considered in reviewing such relationship, including contract

management, technical responsibilities, and the percentage of subcontracted work.

(5) For size purposes, a concern must include in its revenues its proportionate share of joint venture receipts.

(g) *Affiliation based on franchise and license agreements.* The restraints imposed on a franchisee or licensee by its franchise or license agreement relating to standardized quality, advertising, accounting format and other similar provisions, generally will not be considered in determining whether the franchisor or licensor is affiliated with the franchisee or licensee provided the franchisee or licensee has the right to profit from its efforts and bears the risk of loss commensurate with ownership. Affiliation may arise, however, through other means, such as common ownership, common management or excessive restrictions upon the sale of the franchise interest.

§ 121.104 How does SBA calculate annual receipts?

(a) *Definitions.* In determining annual receipts of a concern:

(1) *Receipts* means “total income” (or in the case of a sole proprietorship, “gross income”) plus “cost of goods sold” as these terms are defined or reported on Internal Revenue Service (IRS) Federal tax return forms; Form 1120 for corporations; Form 1120S for Subchapter S corporations; Form 1065 for partnerships; and Form 1040, Schedule F for farm or Schedule C for sole proprietorships). However, the term receipts excludes net capital gains or losses, taxes collected for and remitted to a taxing authority if included in gross or total income, proceeds from the transactions between a concern and its domestic or foreign affiliates (if also excluded from gross or total income on a consolidated return filed with the IRS), and amounts collected for another by a travel agent, real estate agent, advertising agent, conference management service provider, freight forwarder or customs broker.
